PERSONAL STATEMENT

I have a broad background in machine learning, physics, and mathematics. Recently, I have researched variational diffusion models for image generation. I also have experience in geometric deep learning and diffusion models on graph-structured data.

EDUCATION

Doctor of Philosopy, Physics 2024
Purdue University

Master of Science, Biophysics 2021
University of Chicago

Bachelor of Science, Physics, Magna Cum Laude 2019
Indiana University
Minor: Mathematics

Bachelor of Science, Informatics (Math Focus), Magna Cum Laude 2019
Indiana University

EXPERIENCE

Graduate Researcher 2021-2024
Purdue University, Indianapolis, IN

- Designed diffusion models/score-based generative models in PyTorch for modeling image datasets in super-resolution microscopy
- Solved optimization problems in the context of image analysis e.g., particle localization, super-resolution, and inference of stochastic particle dynamics
- Applied general probabilistic models for high-dimensional imaging datasets and associated Bayesian methods for statistical inference tasks
- Developed novel hardware systems for super-resolution imaging of human cells

Graduate Researcher 2020-2021
University of Chicago, Chicago, IL

- Investigated fundamental learning mechanisms in recurrent neural networks (RNNs) using dynamical models, mean-field theory, and time-series analysis
- Used statistical mechanics and information theory to understand neural dynamics
- Designed and ran Monte Carlo simulations of spiking neural networks

Research Assistant 2018-2020
Purdue University, Indianapolis, IN

- Developed a scientific package in Python for high-throughput object detection and tracking
- Managed the package lifecycle and user training throughout the laboratory

AWARDS

NIH Graduate Training Fellowship 2020
University of Chicago, Chicago, IL

Travel Award and Lightning Talk Invitation 2019
Physical Sciences in Oncology - Minneapolis, MN

Hudson and Holland Scholarship for Diversity and Inclusion 2013-2017
Indiana University, Bloomington, IN

Founders Scholar 2013-2017
Indiana University, Bloomington, IN

Cigital Scholarship 2016-2017
Indiana University, Bloomington, IN
